Safety Gloves

The Framer

- Synthetic Leather
- Syentic noslip with padrest on palm
- Dimex all stretch back
- Lycra inner fingers
- Open fore and middle finger to assist detailed work

The Framer is a solution for any work that requires dragging and pulling, with the fore and middle finger bare to aid with high sensitivity jobs and with inner fingers made of Lycra that increase the comfort and air flow. The Durakit Hi Visabilty orange on the back makes these gloves perfect for out door use.

The Assembler

- Syentic material on Palm
- Dimex on back of palm
- Elastic wrist band with hook and loop fastening

The Assembler gloves are made to do all kinds of general assembly, the ideal choice to go in a tool box or a car accessory. Very flexible Nylon stretch material used for the perfect fit.

Safety Gloves

Supporter Detail

- Made of Syentic material
- Added protection on palm
- Noslip padrest on palm
- Extra wide wrist band for wrist support
- Three wraps arround the wrist
- Fingerless to assist detailed work

Supporter

- Made of Syentic material
- Added protection on palm
- Noslip padrest on palm
- Extra wide wrist band
- Three wraps arround the wrist

This Range is designed to be widely used in areas where the wrist and the hand have to be protected against vibration and shock. Very good glove for machine operators in heavy duty working areas.
Extra wide wrist band ensures that the wist has maximum support against the pressure it is bearing.
The Palm of the gloves is padded with Anti vibration Gel which ensures that the machine opperator gets a minimum effect transferred to hand

The Gripper

- Durable synthetic leather
- Syentic no slip abrasive palm
- Inner padding on thumb base
- Soft towel on thumb back
- hook and loop system on wrist

As the name sugests "The Gripper" has the high level of grip on the Palm, Fingers and thumb. Made from extra soft whicking material that ensures that the hand remains fresh and dry. Full abrasive protection on index finger and finger tips with extra padding on the palm. Ideal for forging, grinding and cutting.
